PREMIUM

Dear Caravanning Friends,

We have been building caravans for over 44 years at our company's site in Fockbek (near Rendsburg), Germany. From the very beginning, we have always strived to make each new generation of caravans better than the last. We have achieved this time and again by introducing new ideas, technical innovations and contemporary features. Experienced staff, cutting-edge production facilities and comprehensive expertise ensure our consistently high standards, making Hobby the world's leading caravan manufacturer.

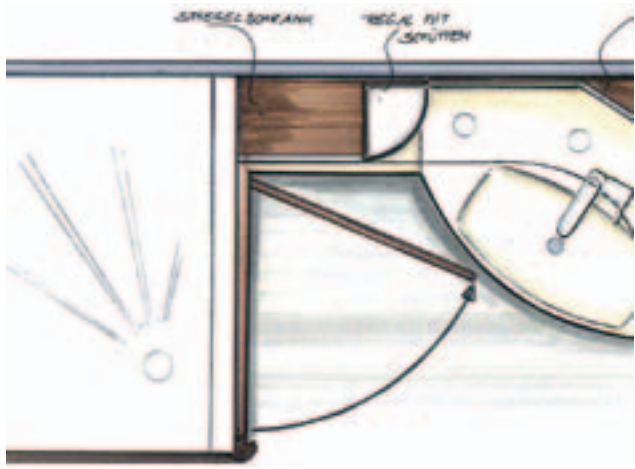

Harald Striewski
Owner

This is further emphasised by our excellent registration figures – with a market share of over 45 per cent, the Hobby Group is by far the most popular caravan manufacturer in Germany. The same is true in a number of other European countries as well. Our success inspires us to make our caravans constantly better. Accordingly, the 2012 season presents countless innovations to make your caravanning holiday even more comfortable. We offer well-designed models with comprehensive features that come as standard and an excellent price–performance ratio.

A particular highlight is the new Hobby PREMIUM. Elegant exterior design, a high-quality interior and forward-looking technology make it truly unique. See for yourself.

Yours sincerely,

DESIGN

Creating a relaxing atmosphere and optimising practicality – together, this is what makes Hobby caravans so popular. A perfect design, both attractive and practical, characterises everything from the dynamic, flowing contour of the new PREMIUM all the way to the fittings, such as the elegant Slim Tower fridge, which is only available from Hobby. Nevertheless, it also proves its expertise in the smaller details: the THETFORT toilet bench is not only elegant, but also particularly low maintenance.

EVERYTHING YOU'LL NEED – AND MORE

With a Hobby caravan, you can set off on your journey safe in the knowledge that you won't have to buy any expensive extras. The hot-water unit, central-lighting control system, high quality roof light, combi-cassette roller blinds and adjustable windows are just a few examples of our standard features. It's well worth comparing to other manufacturers!

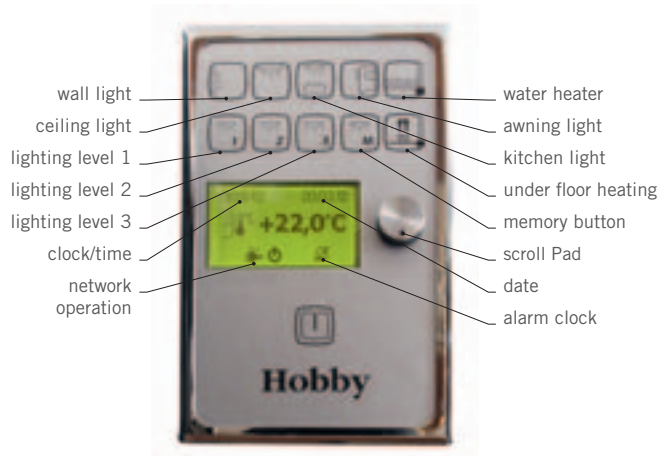

SAFETY AND COMFORT

With Hobby, you are always on the safe side. The standard anti-snaking coupling, along with a suitable drawbar for the corresponding vehicle length, stabilises the caravan in precarious situations. The nose weight display signals whether your caravan is loaded optimally. In the new Premium model, Knott brakes with automatic adjustment are used. This special technology for trailers with overrun brakes is adjusted automatically in the event of brake lining wear – for continuously safe braking.

ARGUMENTS

LIGHTING CONTROL SYSTEM AND INTELLIGENT ENERGY SUPPLY

On board your caravan, you are in total control: with our new operating panel, you can control all electrical devices in your caravan centrally.

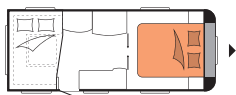

With this season, we offer you even more comfort: the optional LCD panel can now also control an ALDE hot-water heating system, an air-conditioning system or an electric roof light. And in autonomous operation, your Hobby supports you with the new WAECO power-charging module for shorter battery-charging times and the HELLA battery sensor.

INDOOR CLIMATE / SUITABILITY FOR WINTER

Hobby caravans are also ideal for winter caravanning. They are extremely well insulated, ensuring that the cold stays outside, while high-quality heating systems from renowned manufacturers keep you warm and cosy inside. Our intelligent furniture units also ensure a pleasant temperature within the caravan thanks to an upholstery ventilation system: this allows optimal air circulation within the vehicle. Therefore, damp and mould do not stand a chance.

QUALITY AND GUARANTEE

Quality is a key component of Hobby's corporate philosophy. Our management system is certified according to the latest ISO 9001:2008 standards. The quality of our caravans is constantly monitored and documented at fixed production stations. Only when all quality checks have been successfully completed are Hobby caravans made available to the public. Our vehicles are guaranteed to be watertight for five years.

SLEEPING

How do you like to sleep?

Enjoy the peace and quiet. Sleep very soundly. Wake up and continue dreaming. Alone, together or with the whole family.

Our selection of beds is just as individual as you are. Do you enjoy sleeping in comfortable queen-sized beds, or do you prefer practical, long single beds? They all have one thing in common: you will really relax and unwind in them. After all, almost all Hobby caravans come with high-quality slatted frames and sprung mattresses as standard. For even more comfort, cold-foam mattresses are available as an option.

No holiday would be complete without reading a good book. The elegant shelves behind the headboards of our beds are the perfect place to keep your books close to hand, whilst keeping them safe during journeys.

BATHROOM

How do you like to shower?

The day begins in the bathroom. How many bathrooms do you need on holiday? A large washroom with an separate shower cubicle, or a compact bathroom – Hobby has a range of practical solutions that combine an elegant design with optimal lighting. Getting up in the morning has never been so enjoyable!

Tap Cascada

EXCELLENT 560 UL

Centre washroom

You'll be bright and breezy every holiday morning, as soon as you've reached for your toothbrush.

Our fully redesigned separate shower cubicle boasts a particularly large basin with a refreshing, modern style. We have also worked with THETFORT to further optimise the WC according to the proportions of the caravan. Smooth surfaces and seals around the edge make the new ergonomic toilet even easier to clean.

COOKING

EXCELLENT 560 CFe
Large corner kitchen with counter

stainless steel combination with sink and hob

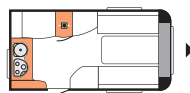

How do you like to cook?

Our kitchen unit with extra-wide soft-close drawers features attractive, modern styling and ample storage space – to ensure that even on holiday you needn't compromise on anything.

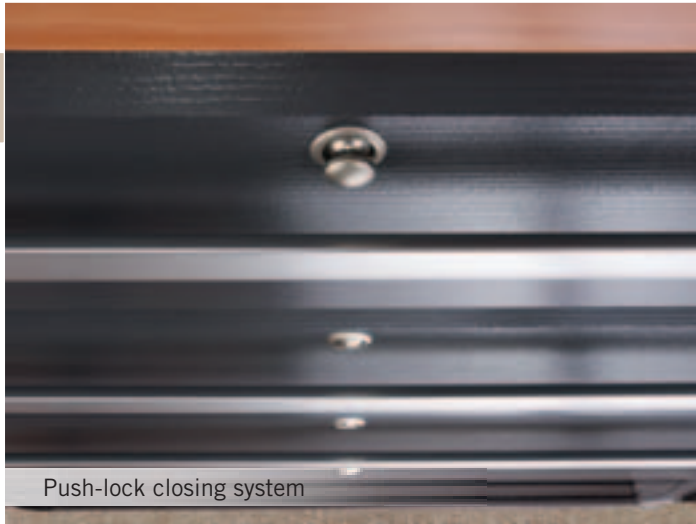

Refrigeration couldn't be better. Exclusive to Hobby kitchens, the slimline, space-saving Slim Tower fridge offers a capacity of up to 140 litres. The 12-litre ice box is removable, allowing you to adjust the Slim Tower to suit your requirements.

COOKING

Kitchen window blind with lighting and plug sockets

Oven (Optional extras)

Microwave (Optional extras)

Extractor hood (Optional extras)

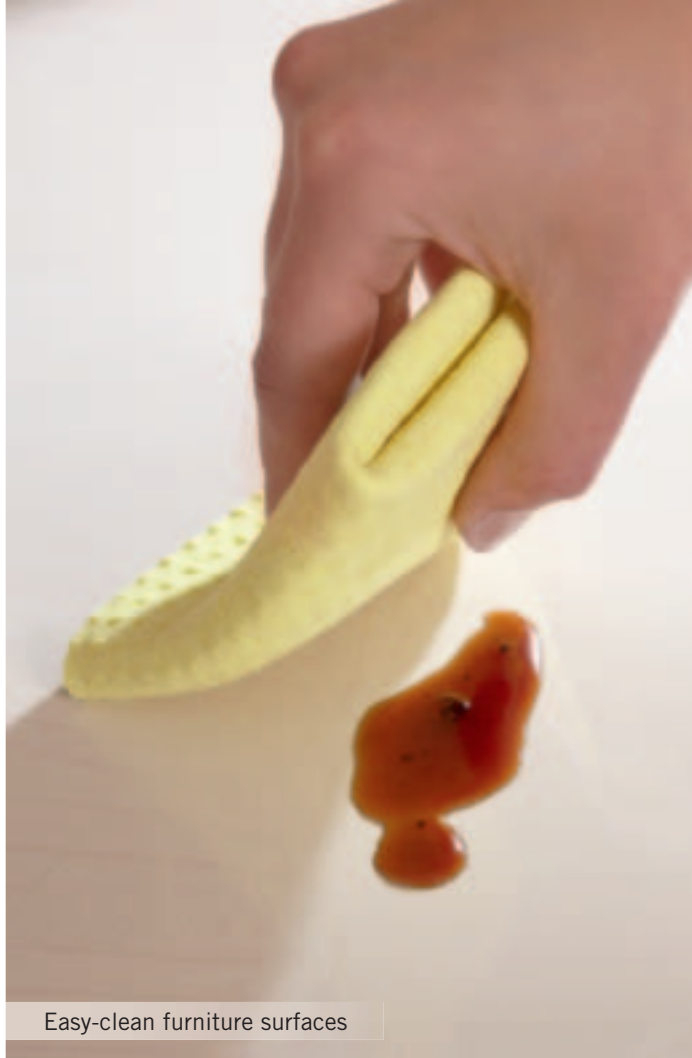

Baking a birthday cake is just as easy on the road as at home!

Make no compromises when cooking: from the ideal working light to our pull-out stowage baskets that maximise storage space, Hobby kitchens offer everything the enthusiastic chef could desire. If you wish, you can even have an oven, microwave and electric fan as an optional extra.

Another clever detail is the push-lock closing system: with the simple push of a button, drawers can be opened or closed safely for travel.

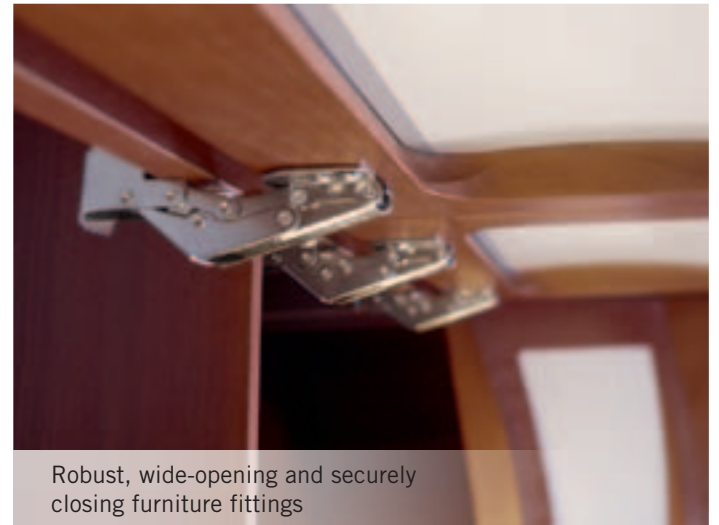

Comfortable seating area access

Shelving in wall cupboards

Robust, wide-opening and securely closing furniture fittings

HOME COMFORTS

How do you like to live?

Hobby offers optimal living comfort down to the very last detail.

Low-maintenance surfaces guarantee cleanliness in an instant. Our seating groups are designed to offer ultimate comfort. Robust furniture fittings and practical shelving protect you from any unpleasant surprises.

Through the use of cutting-edge LED technology, Hobby also thinks about efficient energy consumption. And our operating panel means that nearly all devices on board can be controlled centrally at the simple touch of a button. If you choose the optional intelligent peripheral device control system, a hot-water heating system or an air-conditioning unit is even included.

So sit back and enjoy the nice surprises your holiday has in store for you!

Swinging TV arm (Optional extras)

Hobby-Sound system (Optional extras)

A pleasant caravan temperature? Of course – day in, day out!

Sophisticated furniture units and an optimal upholstery ventilation system ensure that warm air circulates perfectly in our caravans. As such, damp and mould do not stand a chance.

Music lovers will also feel right at home: our Pioneer sound system transforms your caravan into a concert hall. The system can play traditional CDs, as well as MP3s, WMA discs and even DVDs.

Would you like to watch TV from bed as well as from the seating unit? No problem with the award-winning swinging TV arm, which is available in a range of Hobby models. Top entertainment at your service.

LANDHAUS

As comfortable as home!

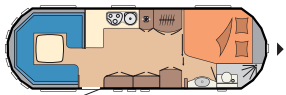

In 2012, the classic static caravan is back with a new, modern look.

The Hobby Landhaus certainly lives up to its name: with its large windows at the concise bay areas and its unmistakable roof shape, it looks more like a holiday home than a traditional caravan.

The country-house feel continues with the unbelievably spacious interior – the inviting seating unit, the large kitchen with counter, and the comfortable washroom.

Enjoy it! At a lake, by the sea or in the mountains – wherever *your* favourite place is!

PREMIUM

Form. Function. Ideas. Excitement!

Do you demand the best? Are you always ten years ahead of the times? Then we have just the right caravan for you!

Behind the elegant, futuristic lines that lend the Hobby PREMIUM its unique profile lies an interior with a sophisticated and forward-looking concept of mobile living – in both technical and architectural terms. It's as if

the Premium has skipped several eras of development. And all this at an unbeatable price-quality ratio!

A range of impressive details guarantee a level of comfort you'll never want to renounce.

Let's set off together – into a new age of caravanning!

LED lighting strip (lighting technology)

Attractive furniture fittings (Kitchen locker handle example)

PREMIUM 560 CFe

External washroom

Attractive forms, intelligent details.

Elegant furniture handles with tilt-closing mechanism make it easy to keep things neat and tidy.

Expecting visitors? Take a quick look in the mirror: you look great! The practical mirror shutter in the kitchen saves you a trip to the bathroom. It also cleverly conceals the extractor hood air hose.

From a decorative lighting strip to spot lights, the latest LED technology guarantees your holiday home will shine – and with lower energy costs, it also makes a welcome contribution to your holiday fund.

PREMIUM

Innovative in form and function.

The manoeuvring handles blend seamlessly into the exterior design, whilst the rear grips are perfectly integrated into the LED rear lights. A spoiler makes sure that the lights stay cleaner for longer during the journey.

A new innovation in caravan construction in the boot storage space built into the rear. This enables easy exterior loading and can carry up to 30 kg depending on the model.

Even replacing the gas cylinder is a walk in the park! The cylinder cover at the nose can be opened vertically upwards thanks to a new and sturdy mechanism. In the wear-resistant and easy-care chequer plate interior, perfect cleanliness and organisation reigns. Chocks and cranks are within easy reach.

Standard fittings all included:
These features are included as standard in ALL Hobby caravans

CHASSIS & SAFETY

- WINTERHOFF stabibiser/hitch
WS 3000, single level system
- Drawbar cover
- Wheel shock absorber

- Fully extractable stowage baskets/drawers, self-retracting
- Secure locking with push-lock closing system for all kitchen drawers

STRUCTURE/AMBIENCE

- All windows: combination cassette with sun and insect protection (not bathroom window)
- Ambient lighting in living compartment
- Ceiling lights above seating area
- DOMETIC-SEITZ-rooflight, Midi-Heki, 700 x 500 mm
- Awning light
- entrance step
- Split entrance door with integrated window, storage area's and fly screen

ON-BOARD TECHNOLOGY

- Earth leakage circuit breaker
- Central operating panel for lighting system and tank display (main switch can be pressed easily in the dark)
- Electronically regulated power supply – the most modern system in the branch
- Gas regulator with over-pressure protection (DIN EN 12864)
- Central gas distributor in kitchen area
- Antenna socket with co-axial cable
- TRUMA Therm for hot water supply
- Mobile waste container, with retractable handle

KITCHEN

- Kitchen light inc. socket
- stainless steel hob/sink combination with glass lid

Overall length

Body length

Interior length

The roof/wall thickness on all models is 31 mm, the floor thickness 40 mm. Deviations of up to 5% are possible in weight data due to the use of natural materials. All dimensions are non-binding and may be subject to minor changes. We reserve the right to make modifications to equipment and fittings. The water supply system represents the latest technology as of 03/2009 (directive 2002/72/EC).

- 1 Depending on the model and equipment level, the unladen vehicle may be up to 50 mm higher.
- 2 The technically permissible gross weight must not be exceeded under any circumstances.
- 3 The weight in the ready-to-travel state includes the unladen weight of the standard caravan plus the basic equipment. The basic equipment is made up of a completely full 11 kg aluminium gas bottle, a 100 % filled fresh water tank and if applicable a toilet flush tank and cable drum. The basic equipment weight for
380 – 400 SF: 61 kg
400 SFe – 495: 62 kg,
540 – 720: 87 kg,
WLU,WFU,KMF: 71 kg
Landhaus: 88 kg
- 4 The loading corresponds to the difference between the „technically permissible gross weight“ and the „ready-to-travel state“. This value must take account of the values for optional extras and personal items.

 D-24787 Fockbek/Rendsburg www.hobby-caravan.de

NOTE:

the models featured in the brochure also currently have optional extras or decoration that are not part of the standard scope of delivery. Deviations in terms of structure and colour compared to the featured furnishings are subject to change provided they have to do with the nature of the materials used and are found in the trade. The same applies to technical changes to the vehicle provided the product quality remains the same overall or is improved and the purpose of use is not impaired.
